# ENGINEERED AND MANUFACTURED FOR LONG-LIFE EFFICIENCY 

MEKA Horizontal Screens are a combination of quality, reliability, and performance; providing a long service life while operating under the most demanding applications.
Proven oval stroke design increases production, reduces recirculation load. Oval stroke motion of MEKA screens reducing plugging and blinding while providing exceptional performans for a wide range
of conditions. The ability to fine tune stroke length, timing angle and speed make MEKA screens versatile in meeting changing application conditions.

Extra-strong body construction, durable bearing mountings, computer designed chrome-moly-nickel gear set with premium metallurgy extend service life.

## WHY MEKA HORIZONTAL SCREEN?

- Oval stroke by a three-gear mechanism
- Screen angle is adjustable upto 7.5 degrees
- Attack angle of the stroke is adjustable from 30 to 60 degrees
- Stroke is adjustable up to 19 mm
- Screen can be adjusted for efficiency on site
- Elliptical motion handles near-size material better than alternatives

## READY FOR THE HEAVIEST WORKLOADS WITH EVERY DETAIL

# ENGINEERED AND DESIGNED BY MEKA R\&D CENTER FOR MORE DURABILITY AND LONGEVITIY 

MEKA is a State Recognized Research and Development Center, which is a privileged position that allows us to set bolder targets for the future. More than 50 R\&D Engineers from different disciplines work daily with the
best draftsmen to bring you better products. We are currently working on more than 20 new projects that will be ready to meet the challenges that the changing market dynamics will bring.

# THE CHOICE OF PROFESSIONALS IN MORE THAN 100 COUNTRIES: MEKA 

MEKA has a global capacity with more than 80 engineers, nearly 500 employees and experience of producing more than 4000 complete plants. With 5 separate production facilities and a worldwide service network, it is a reliable manufacturer.

With its after-sales service network and strong infrastructure in spare parts, MEKA does not only produce equipment or plants, but also offers you the comfort of predictable production and uninterrupted earnings.
